One year ago, Friends of Scotchman Peaks Wilderness campaign entered a new phase. In the final weeks of 2016, Idaho Senator James Risch introduced the Scotchman Peaks Wilderness Act (S.3531), which would designate 13,960 acres of Wilderness in Idaho. Our focus evolved from trying to get a wilderness bill introduced, to working towards its passage.

During the summer of 2017, the Senator’s staff hosted two local “Open House” public meetings. Approximately 300 people attended each session, a very large majority leaving comments. The Senator’s staff said that the vast majority of those comments were favorable, as are the many letters, emails, and phone calls that his offices receive. The diversity of voices supporting the bill are as important as the volume. We are grateful for the 13 years of conversation and community building which made possible this outpouring of public support!

Support from diverse stakeholders brings about community consensus, laying the foundation for good public lands policy. Wilderness designation for the Scotchman Peaks is endorsed by many businesses, civic groups, conservation and wildlife groups, as well as community organizations, recreational groups and other stakeholders in public lands management. New support came from many corners including the Pend Oreille Pedalers and the Panhandle Chapter of Trout Unlimited.

Staff Update: Moving right along

Annie Gassmann became Lincoln County Outreach Coordinator in March and has become a force for FSPW in northwestern Montana and the larger world. In addition to excelling at her outreach duties in Libby, Troy and the surrounding area, she has taken on the FSPW Insider.

Annie works cooperatively with Montana Wilderness Association, the Libby Chamber of Commerce and local schools to further FSPW’s community involvement.

Our 2017 backcountry ranger/outreach intern was Sam Olson, a student at the University of Montana. Sam was with us from late May until August 22. His good humor and independent nature, as well as his ability and willingness, made him a big asset on trail work and outreach tables alike.

Nancy Schmidt is 2017-18 Winter Programs Coordinator. Nancy came on board in November, and will work until Spring, keeping track of and facilitating the FSPW Winter Tracks Program.

Assistant Program Coordinator Britta Mireley is balancing being a new mom with increased responsibilities in the grant-writing arena and overall programs. She spearheaded recent successful fundraising efforts and has become a bit indispensable, bringing order where chaos once existed.

Mary Franzel, Mountain Goat Ed Coordinator, very successfully led the program through its second year in 2017. Mary has possibly hiked Scotchman Peak more than any other person.

Message from the Director

Phil Hough

In 2017, we streamlined our mission statement to read “To protect the Scotchman Peaks for future generations through Wilderness designation, ongoing stewardship and education.”

The simplified statement does not change who we are, but more succinctly says what we are about.

Director’s Message, from page 1

Broad community support does not mean there is unanimity. On important issues, there will always be diverse opinions. The bill introduction woke up some opponents who had previously been quiet. By listening and responding to diverse viewpoints, questions and concerns, misunderstandings can sometimes be cleared up. Different perspectives also improve Forest Service management, public policy and legislation.

We anticipate that the Senator will seek re-introduction in 2018, using public input he has gathered to improve the bill and its chance for passage. Congress seldom acts quickly. 2018 will be a year for patience and perseverance.

Not every Friend can swing a Pulaski to dig new tread so we provide a variety of stewardship opportunities including trail maintenance, weed monitoring and eradication, white-bark pine habitat restoration, wildlife monitoring and outdoor education. Our Trail Ambassadors/Mountain Goat Education program enters its third year and our Winter Tracks program is now in its fourth season and on pace to surpass 2017 in which we hosted over 350 students!

Volunteer stewards and educators become passionate advocates; they are crucial to helping us gain designation from Congress and maintaining wilderness characteristics both before and after designation. We engaged over 150 unique volunteers this past year.

In Montana, there is growing support from business and civic groups who see value in conserving public lands. The Kootenai Forest Stakeholders Coalition (KFSC) agreement includes support for Wilderness in the Scotchman Peaks and has recently garnered several important endorsements. As legislation for Idaho advances, Montana’s congressional delegation is watching with interest; our continued outreach in Montana lays groundwork for them to act.

We will continue to foster public dialogue that increases community support for wilderness and continue to inspire and empower wilderness advocates and volunteer stewards.
